

Schedule of Royalties for Accepted Capital City Records Albums

Reviewed: January 30th, 2 025

The amount of each honorarium for accepted albums depends on the length of the album or number of tracks in an album, whichever is greater. These royalties are paid as one-time honorariums for new albums published in the Capital City Records collection upon the signing of the Capital City Records license agreement.

These numbers are subject to change in future calls for submissions and at the discretion of Edmonton Public Library on a case-by-case basis to best reflect diverse approaches to representing and categorizing bodies of musical works.
